Our name "Choquera" means a woman from Huelva, a port city in the Andalusian region of Spain. Our aim is to bring the amazing cuisine found in this region to Ireland.

### WHO WE ARE

We started in 2011, specializing in Artisan and Continental baked goods, serving restaurants and cafes around Munster. In 2018, we expanded our artisan baking range into sourdough and Spanish and other continental specialty bakes. As a micro bakery, we traded at farmers markets in Castletroy, Shannon and the Milk Market in Limerick city with our Trailer, currently beside our Bistro & Bakery. We opened in Newport in May 2022, where we provide single origin coffee, an artisan baked range, imported gourmet groceries and authentic "made in house with Amor" Spanish speciality foods. This range can be combined with Spanish wines and beers sourced directly from Spain.

We can provide a catering trailer, menu & staff for various events. We also provide baking specialities, such as, Wedding, Holy Communion, Confirmation & Birthday cakes where flavour and taste are a must.
